

**Suggested Discovery Activity: *Full of Hidden Treasures* - Length: 2 hours**

- Stop into the Visitor Center to ask questions and pick up a copy of *Full of Hidden Treasures*!
- Remember to look high and low for interpretive signs and trail markers!
- Keep an eye out for some of the Canyon's resident birds and animals.
- Can you spot the Canyon's plants? Look for the junipers, wildflowers, and shrub oak along the path.
- Stop and enjoy the scenic overlooks before ending with a picnic at Juniper Rock!

**Map Key:**  
 Green = 0-4% grade (easy)      ★ = entry point  
 Blue = 4-8% grade (moderate)  
 Red = 8-14% grade (steep)

## Tips for Enjoying Castlewood Canyon All Access Trail

- Entry/exit points are Juniper Rock or Bridge Canyon Overlook parking lots. Look for the "Canyon View Nature Trail" signs.
- All concrete trails are wheelchair accessible wide enough for two-way 'traffic'.
- Trail forms a 0.7 to 1 mile "double loop". Please allow for 1 to 2 hours.
- Restrooms and four wheelchair accessible picnic tables are located at Juniper Rock.
- Leashed dogs are welcome! The Park provides bags for disposal of your dog's poop.
- Bring plenty of water. Refillable bottles are available for purchase at the Visitor Center where they can be filled up at the water fountain.

## Cautions and Reminders

- This is a rustic state park. There are abrupt drop-offs at the edge of the pavement.
- Be aware that inclines vary. We recommend some basic 'scouting' prior to descending pitches.
- The returns to the parking lots are primarily uphill.
- Cell phone coverage varies within the trail loop.
- Bring appropriate clothing -- Colorado weather can change rapidly.
- We practice the *Leave No Trace* principles. Please take your refuse out with you.
- If you use an electric wheelchair, make sure it's fully charged before starting out.
